Insights from Rice Sales

- Basmati Rice exports saw consistency in volume but an insignificant dip in value, reflecting strong Competition, low pricing, and a devaluing Rupee against the Dollar compared to the previous year.
- The exchange rate movements throughout FY 2024–25 remain stable.
- With an eye on anticipated demand for the next year, the Company is placing a stronger emphasis on achieving volumetric growth in Basmati Rice exports.

Exchange Rate

FALAK Food Division

1. Matco Foods has also launched its Falak Food Division in 2022, focusing on introducing new products under its flagship brand Falak, and employing innovative marketing strategies to adapt to evolving global food trends.

RICE GLUCOSE DIVISION

Insights from Rice Glucose Division

- During FY 2024–25, both local and export sales of the Rice Glucose Division recorded a healthy growth compared to FY 2023–24.
- This improvement reflects a recovery in demand from domestic industries such as confectionery, pharmaceuticals, and poultry, alongside increased export activity.
- Stabilization in raw material prices and improved supply chain management also contributed to enhanced sales performance during the year.

Transition to Green Energy

Solar Installations

During the year 0.65 MW solar project is installed for one of our Rice Karachi Facility.

Renewable Energy

Harnessing the power of the sun to reduce their carbon footprint.

Sustainable Practices

Adopting renewable energy to support their environmental initiatives.

Certifications

Future Outlook

Rice Processing Business

- Regular Expansion and Capital Expenditure.
- Secure and increase our market share in the USA, UK and Australia.
- Target Middle East Market/Branded Rice.

Rice Glucose Division

- Increasing the conversion ratio of local sales into exports.
- Keeping optimum capacity production of both plants.

FALAK Foods (Private) Limited

- Successfully completed Business Transfer Agreement in Nov-25
- Focus on launching at least 5 new products in a year
- Increase export of newly developed Products.
- To Branded FMCG products.

Matco Corn Products (Private) Limited

- Increase grind capacity by next fiscal year 2026.
- Increase the capacity from 200-300 MT by 2026.
- Increase the range of starch products (modified starches).
- Produce FALAK branded Corn Flour, Custards, Jelly, and other consumer products made from Corn Starch.
